The Weekly Market Update – 3/31/25: Investors Fear Eroding Data

Major Indices (Price Returns)	Close	Last Week	Quarter-to-Date	Year-to-Date	Trailing 12-Months	All-Time High	% to High

Source: FactSet

Negative data points are building, confirming weak investor sentiment as equities slip and test 2025 lows.

Stubborn inflation continues as the Federal Reserve Bank's (Fed) favored consumer inflation indicator climbed in February.

U.S. equity markets are lower in March and on-track to deliver the worst monthly return since September of 2022.
