The Weekly Market Update – 11/10/25: The End of the Government Shutdown Moves Closer

Major Indices (Price Returns)	Close	Last Week	Quarter-to-Date	Year-to-Date	Trailing 12-Months	All-Time High	% to High

Source: FactSet

The 2025 government budget shutdown (now clocking in at 41 days) moved closer to resolution late Sunday night.

Last week's equity market decline was driven by weakness in technology stocks.

As earnings season winds down, investors will watch company commentary at investment conferences to assess business and economic trends as we are hopeful that Congress completes the much-delayed spending bill.
